CONGRATULATIONS!

Our graduations were very different this year as we implemented COVID safe practices. By doing all this preparation we were able to invite parents and even managed to include some singing as the rules changed at the last minute. Thank you to everyone for being so understanding and supporting our students to celebrate a very successful year despite all the turmoil.

Unfortunately we were unable to include parents for preschool graduations due to space restrictions. It was really cute to see them in their graduation outfits and the educators made the day special with a party to follow. Pics on p6&7.

Slideshows of all end-of-year events will be on the website for you to enjoy and share with family. 2020 has been a tough year on many levels but the achievements of our students are definitely something we can celebrate. It has been a year that none of us will forget!

Our picnic day was held at school this year but we managed to have lots of fun. There were movies, games and plenty of food to go around. Despite the challenging weather, there were lots of smiles by the end of the day.

Have a safe and happy holiday and we look forward to hearing about your adventures in 2021. If you are at all concerned about the school please call DET Security Monitoring on 1300 880 021.
